Department of Defense
**SELECTED MANPOWER
STATISTICS**

Fiscal Year 1984

Department of Defense
Washington Headquarters Services
Directorate for Information
Operations and Reports

F O R E W O R D

Selected Manpower Statistics is published by the Office of the Secretary of Defense, Washington Headquarters Services, Directorate for Information Operations and Reports (WHS/DIOR). The report provides basic manpower data on active duty military, civilian, and retired military personnel of DoD. It is divided into the following sections:

- Section I - Total Department of Defense Personnel
- Section II - Active Duty Military Personnel
- Section III - Civilian Personnel
- Section IV - Other Personnel

Each section has a short narrative with a general description of the contents and selected highlights, displaying increases/decreases from the prior fiscal year and general trends.

Although the focus of this publication is on summary data for DoD as a whole, many tables provide associated data for the Army, Navy, Marine Corps, Air Force, and other components of DoD.

The "p" numbers which have been associated with these tables in the past are provided in this issue for the convenience of those users who are familiar with this numbering system.

NOTE: Excluded from all total DoD strength figures are those full-time military personnel who are paid from other than active duty military personnel appropriations. This group is funded from appropriations for reserve components and Corps of Engineers civil functions.

SECTION 1

TOTAL DEPARTMENT OF DEFENSE PERSONNEL

DEPARTMENT OF DEFENSE PERSONNEL

General

Within the Department of Defense (DoD), personnel strength is considered to be the sum of active duty military and civilian personnel. (See the Glossary of Terms.) This section provides an overview of DoD manpower levels as of September 30, 1984, and presents personnel data by organizational component (Army, Navy, Air Force, etc.), location of personnel, and/or function (military or civilian). Complete data on the total number and percent distribution of active duty military and direct hire civilian DoD personnel, by state, are provided. Historical data on trends in DoD personnel strength are also provided.

Highlights

The total number of DoD civilian personnel increased by 13,200 during FY 1984, 17,300 of whom were direct hires. Active duty military personnel increased by 14,800. The largest increase was in Navy personnel (7,100). The Army reported an increase of 500; the Air Force 5,100; and the Marine Corps 2,100. While the number of personnel in the Pentagon increased slightly, the average since 1974 has remained fairly constant. The total DoD manpower level increased to over 3.2 million persons, the highest since June 1975.

SECTION 2

ACTIVE DUTY MILITARY PERSONNEL

SECTION 2 - ACTIVE DUTY MILITARY PERSONNEL

General

This section contains a variety of data on active duty military personnel. Data are provided for FY 1984 by service, type of personnel (officers, enlisted, or officer candidates), location, and/or pay grade. Extensive historical data are provided in several areas, including trends in military personnel strength, enlistment and reenlistment trends, the age distribution, and the estimated educational levels of active duty military personnel. Other tables provide data on the number of active duty female personnel and the number of military dependents. Statistics on the number of personnel serving in, and the number of casualties resulting from, major armed conflicts in which the United States has been engaged are also provided.

The particular conditions and/or limitations affecting the data in each table are explained in historical notes, as applicable.

Highlights

As of September 30, 1984, there were 2,138,157 active duty military personnel. This is an increase of 14,800 (4,600 officers and 10,200 enlisted personnel) over the FY 1983 figure. The greatest increase for officers was in pay grade O3, while the greatest increase among enlisted personnel was in pay grade E4. The percentage of officers and enlisted personnel estimated to have completed various levels of education increased in all categories. While the number of officer candidates (15,021) increased only slightly from the FY 1983 total, it is still the second highest figure since 1954.

The number of female personnel also showed an increase (1,700 officers and 3,200 enlisted personnel). The FY 1984 total of 202,830 female personnel is exceeded only by the 1945 figure of 266,256. The number of military dependents increased by 94,300, a significant increase of 47,500 for the Army, 22,700 for the Navy, and 13,000 for the Marine Corps, while the Air Force increased by 11,100.

The largest change in personnel by regional area was a 23,600 increase in U.S. territories and special locations, highlighted by a 13,000 increase in Navy personnel in the Continental United States. Conversely, the largest decrease was in the East Asia and Pacific region (15,700), consisting almost entirely of Navy personnel in the afloat category (15,500).

TABLE 2-28

DEPARTMENT OF DEFENSE
HISTORICAL BACKGROUND AND NOTES

1. Officers include warrant officers, field clerks and nurses. Enlisted personnel include cadets and midshipmen from the U.S. military academies at West Point and Annapolis, as well as other officer candidates. Both officer and enlisted personnel data exclude figures on the Coast Guard.
2. Data for the year shown is as of June 30 beginning with 1878 for Army, 1900 for Navy, and 1798 for Marine Corps. For prior years the as of date is the month for which records most completely reveal the total strengths of each service. In some instances, incremental reports of different dates had to be used to compile a service total, with the result that the strength shown is not for any particular point in time during that year.
3. Army data begin with 1789, the year in which the Department of War (now Department of the Army) was established by the new U.S. Congress. Although a "regular" Army has existed continuously since that time, the total strengths cannot be documented from available records, nor can reliable estimates be made for years 1790-1793 and 1796-1800. Beginning with 1861, the data include all military personnel on extended active duty with the Army (regulars, volunteers, militia, inductees, reserves and National Guardsmen) and U.S. Military Academy cadets. Data prior to 1861 are for regular Army and cadets only, except for 1836-1840 (Seminole Indian War) and 1846-1848 (War with Mexico). Source documents for other years do not contain adequate strength statistics on non-regular personnel called up during the War of 1812 or for short periods of service during the numerous Indian disturbances. Army data also include strengths of the Army Air Corps and predecessor agencies.
4. Navy strengths for the period 1794-1798 are estimates of the number of "on board" personnel authorized by the U.S. Congress to reestablish a Navy which had existed from 1775 to 1785 under the Continental Congress. A separate Navy Department was authorized and organized in 1798. During the early years of the Navy, crews were usually contracted for a specific sailing or mission rather than a continuous tour of duty. The strengths shown are more in the nature of an average and are, therefore, marked "estimated." Data excluded an unknown number of Naval militia, supplied by the states, who served during the War of 1812, the Mexican War, and the Spanish-American War.
5. Marine Corps strengths as shown begin in 1798, the year in which the Navy Department and Marine Corps were authorized by an Act of Congress. The Marine Corps was founded in 1775 by the Continental Congress and served during the Revolutionary War, but ceased to exist in 1783. The Marines were reestablished in 1794 when Congress authorized the rebuilding of the Navy. A small number of Marines were used as guards on Navy ships. However, records do not contain reliable strength data before 1798.

TABLE 2-30

DEPARTMENT OF DEFENSE
HISTORICAL BACKGROUND AND NOTES (P28.2)

- A/ Data prior to World War I are based on incomplete records in many cases. Casualty data are confined to dead and wounded and, therefore, exclude personnel captured or missing in action who were subsequently returned to military control.
- B/ Marine Corps data for World War II, the Spanish-American War and prior wars represent the number of individuals wounded, whereas all other data in this column represent the total number (incidence) of wounds.
- C/ Not known, but estimates range from 184,000 to 250,000.
- D/ As reported by the Commissioner of Pensions in his Annual Report for Fiscal Year 1903.
- E/ Authoritative statistics for the Confederate forces are not available. Estimates of the number who served range from 600,000 to 1,500,000. The Final Report of the Provost Marshal General, 1863-1866, indicated 133,821 Confederate deaths (74,524 battle and 59,297 other) based upon incomplete returns. In addition, an estimated 26,000 - 31,000 Confederate personnel died in Union prisons.
- F/ Number serving covers the period April 21 to August 13, 1898, while dead and wounded data are for the period May 1 to August 31, 1898. Active hostilities ceased on August 13, 1898, but ratifications of the treaty of peace were not exchanged between the United States and Spain until April 11, 1899.
- G/ Includes Air Service. Battle deaths and wounds not mortal include casualties suffered by American forces in northern Russia to August 25, 1919, and in Siberia to April 1, 1920. Other deaths cover the period April 1, 1917, to December 31, 1918.
- H/ Includes Army Air Forces.

- I/ Data are for the period December 1, 1941, through December 31, 1946, when hostilities were officially terminated by Presidential Proclamation, but few battle deaths or wounds not mortal were incurred after the Japanese acceptance of Allied peace terms on August 14, 1945. Number serving from December 1, 1941 - August 31, 1945, were: Total - 14,903,213; Army - 10,420,000; Navy - 3,883,520; and Marine Corps - 599,693.
- J/ Battle deaths and wounds not mortal include casualties incurred in October 1941 due to hostile action.
- K/ Tentative final data based upon information available as of September 30, 1954, at which time 24 persons were still carried as missing in action.
- L/ Number serving covers the period August 4, 1964 - January 27, 1973 (date of ceasefire). Wounds not mortal exclude 150,332 persons not requiring hospital care. Known status of casualties is as of September 30, 1984.

SECTION 3

CIVILIAN PERSONNEL

SECTION 3 - CIVILIAN PERSONNEL

General

Civilian personnel statistics in this section present personnel in the following categories: direct or indirect hires; those supporting military or civil functions; and those subject to Office of Management and Budget (OMB) ceiling control and those exempt from ceilings. (See the Glossary of Terms.) Data are provided which show the worldwide distribution of both direct and indirect hires. Additional tables display the data by location of personnel (region, area, and/or country) and by organizational component (Army, Navy, Air Force, or Other Defense Agency). Data on trends in annual accession and separation rates are also provided.

Highlights

The total Department of Defense (DoD) civilian workforce supporting military functions and subject to OMB ceiling increased by 21,760 in FY 1984. The number of direct hire civilian personnel increased by 20,840, while the number of indirect hires increased by 920, all of whom were foreign nationals. Among the Military Departments, the Army reported the largest increase in civilian personnel (8,000), followed by the Navy (4,000).

SECTION 4

OTHER PERSONNEL

SECTION 4 - OTHER PERSONNEL

General

This section contains data pertaining to retired military annuitants and to dependents of both active duty military and civilian Department of Defense (DoD) personnel. Data are provided on the geographic distribution of dependents by region and country and on trends in military retirements. (Data on the geographic distribution of dependents living in Alaska, Hawaii, and the U.S. territories exclude dependents of U.S. citizen civilian employees who are permanent residents of these areas and who are employed in the state or territory of their residence.)

Highlights

The total number of dependents of military and civilian DoD employees increased by 94,800. This reflects an increase of 53,000 for the Army, 18,700 for the Navy, 13,000 for the Marine Corps, and 10,100 for the Air Force. The majority of this increase is located within the Continental United States. The number of dependents accompanying military and civilian employees at overseas locations in foreign countries increased by 13,000.

The actual number of military annuitants (1,449,092) was the highest level ever recorded. This represented a 30,200 increase from the previous year. The total number of non-disability annuitants and the number of families receiving survivor benefits also reached their highest recorded level.

DEPENDENT PERSONNEL BY SERVICE AND OTHER DoD
ORGANIZATIONS - FISCAL YEAR 1984

* ESTIMATED

G L O S S A R Y O F T E R M S

Active Duty. Full-time duty in the active service of a uniformed service, including duty on the active list, full-time training duty, annual training duty, and attendance while in the active service, at a school designated as a service school by law or by the Secretary concerned.

Actual Strength. The number of personnel in, or projected to be in, an organization or account at a specified point in time.

Armed Forces of the United States. Includes the Army, Navy, Air Force, Marine Corps, and Coast Guard, and all components thereof.

Assigned Strength. Actual strength of an entire service, not necessarily equal to combined unit actual strengths since individuals may be assigned but not joined.

Authorized Strength. The total strength authorized by Congress (for internal service applications only). Authorized strength may be used synonymously with documented strength.

Civil Functions. Functions primarily associated with the Civil Works program of the Army Corps of Engineers. This program encompasses planning, programming, designing, constructing, and operating Federal water resource projects for navigation, flood control, hydroelectric power, water supply, recreation, and related activities. Civil Functions also includes cemeterial workers (Army) and several conservation management employees (Air Force).

Continental United States. Unless otherwise qualified, means the 48 contiguous States and the District of Columbia.

Direct Hire Civilians. Employees hired directly by an agency of the Department of Defense (DoD). Included are foreign nationals hired by DoD to support DoD activities in their home countries.

Enlisted Member. A person enlisted, enrolled, or conscripted into the military service.

G L O S S A R Y O F T E R M S (CONTINUED)

- Enlistment. (1) A voluntary entrance into military service under enlisted status, as distinguished from induction through Selective Service.
- (2) A period of time, contractual or prescribed by law, which enlisted members serve between enrollment and discharge.

Indirect Hire Civilians. Foreign nationals assigned to support U.S. forces through contracts or agreements with foreign governments (or agencies thereof). These personnel are employees of the foreign governments involved.

Military Functions. Activities normally associated with the uniformed services.

Officer. A commissioned or warrant officer.

OMB Ceiling Employment. Employees subject to Office of Management and Budget (OMB) ceilings established to administer Presidential employment ceiling limitations. Refer to Office of Personnel Management Federal Personnel Manual System Supplement 298-2, Subchapter 53, for a delineation of employment exempt from ceiling control.

OTHER DEPARTMENT OF DEFENSE ORGANIZATIONS

- *Office of the Secretary of Defense (OSD)
- *Joint Chiefs of Staff (JCS)
Unified and Specified Commands
- *Inspector General of the Department of Defense

Department of Defense Agencies:

- *Defense Advanced Research Projects Agency (DARPA)
- Defense Audiovisual Agency (DAVA)
- Defense Communications Agency (DCA)
- Defense Contract Audit Agency (DCAA)

*Organizations serviced by OSD

Department of Defense Agencies (Continued):

- Defense Intelligence Agency (DIA)
- Defense Investigative Service (DIS)
- *Defense Legal Services Agency (DLSA)
- Defense Logistics Agency (DLA)
- Defense Mapping Agency (DMA)
- Defense Nuclear Agency (DNA)
- *Defense Security Assistance Agency (DSAA)
- National Security Agency/Central Security Service (NSA/CSS)
- *Strategic Defense Initiative Organization

Department of Defense Field Activities:

- *Armed Forces Information Service (AFIS)
- *Department of Defense Dependents Schools (DODDS)
- *Office of Civilian Health and Medical Program Office (OCHAMPUS)
- *Office of Economic Adjustment (OEA)
- *Tri-Service Medical Information System Program Office (TRIMIS)
- *Washington Headquarters Services (WHS)

*U.S. Court of Military Appeals

Uniformed Services University of the Health Sciences (USUHS)

Service Academy Cadet or Midshipman. A person in training at one of the military service academies to become a commissioned officer.

Total Paid Civilian Employment. Total direct and indirect hire civilian employment. For direct hire, includes, with some exceptions, all direct hire employees who had not officially separated as of the report date and who either worked during the reporting period or were on paid leave.

*Organizations serviced by OSD

G L O S S A R Y O F T E R M S (CONTINUED)

Transients. All military members who are not available for duty while executing permanent change of station (PCS) orders. Transients shall comprise all military personnel in a travel, proceed, leave enroute, or temporary duty enroute status on PCS orders to execute an accession, separation, training, operational, or rotational move.

Warrant Officer. A person who holds a commission or warrant in a warrant officer grade.
